

## Green Paper

**Project Name:** Hotel – Interlaken Inn

**Application:** All facility lighting; Hallways, Conference rooms, Dining Room, Bar, Lobby, Outdoor

**Products Installed:** R30 Recessed Flood, R20 Recessed Flood, MR16, Candelabra, PAR38, Outdoor Flood.

**Savings:**

- A. Reduced energy consumption by 83,605 kw-hrs/year.
- B. Energy savings of \$12,541 per year.
- C. Relamping savings of \$4,975 per year.
- D. Investment payback 0.8 years.
- E. Total Savings over 50,000 hrs is \$99,841

*“The LED lighting is very natural. We maintained the warm feeling of the prior incandescent lights. We are extremely satisfied with our savings of more than \$1,200 per month which is an 8% reduction on our electric bill.”*

Kevin Bousquet, General Manager
